Accordingly, Mr. Doo and the Company agree to enter into the Services Group Master Services Agreement.

Date

10 April 2017

Parties

- (1) Mr. Doo; and
- (2) the Company

Conditionality

The Services Group Master Services Agreement is conditional upon the approval by the Independent Shareholders of the Services Group Master Services Agreement, the Services Group Transactions and the Services Group Annual Caps at the EGM.

General terms for the Services Group Transactions

The relevant members of the Services Group may from time to time enter into Definitive Services Group Agreement(s) with the relevant members of the Group in relation to any Services Group Transaction upon, and subject to, the terms and conditions in compliance with the Services Group Master Services Agreement as may be agreed between the relevant members of the Services Group and the relevant members of the Group. All existing agreements between relevant members of the Services Group and relevant members of the Group in respect of the Services Group Transactions (to the extent which covers the Services Group Transactions after the Services Group Effective Date) will be treated as Definitive Services Group Agreements made pursuant to the Services Group Master Services Agreement as from the Services Group Effective Date.

With effect from the Services Group Effective Date, the Services Group Transactions shall be conducted:

- (a) in the usual and ordinary course of business of the Services Group and the Group, as the case may be;
- (b) on normal commercial terms and based on the then prevailing market rates; and
- (c) in compliance with all applicable provisions of the Listing Rules (including the Services Group Annual Caps), the applicable laws, the Services Group Master Services Agreement and the relevant Definitive Services Group Agreement.

The consideration for each Definitive Services Group Agreement will be determined in the following manners:

- (a) in respect of the Rental Services: a quote which is based on other market comparative quote(s) or from independent third parties in the market for similar property(ies) (with comparable conditions including but not limited to location, usable space, available facilities, quality and rental period) will be provided by the lessor at the request of the lessee; the lessee may either accept the quote and proceed with the lease or reject the quote and decline to proceed further;
- (b) in respect of the Services Group Contracting Services:
 - where a member of the Services Group is nominated as contractor designated by ultimate employer (which may or may not be a member of the Group), consideration to such member of the Services Group will be ascertained by an independent professional quantity surveyor appointed by the ultimate employer;
 - where the Group has the right to select contractor(s), consideration to such contractor(s) will be ascertained under the supervision of an in-house qualified professional quantity surveyor. The Group will obtain quotations from its list of pre-approved contractors (which is subject to periodic review and update by its management to ensure the contractors' quality standards). If the price and terms offered by the Services Group are equal to or better than those offered by the independent service providers, the Group may probably award the contract to the Services Group; and
 - for projects which involves consideration of a substantial amount, the member(s) of the Services Group will participate in a tender from all bidders (including independent third parties in the market), the winning bid of which will be the one with the lowest tender amount in accordance with the Group's internal tender procedure(s) on the condition that the bidder conformed to all the essential requirements (including but not limited to relevant experience, capability and historical relationship) set out in the bid invitation;
- (c) in respect of the Property Management Services: the consideration will be fixed at cost plus a prevailing market rate which will be determined by conducting research on the market comparables by the parties from time to time. The cost element will include all direct costs incurred such as equipment costs, staff costs, public liability insurance and other indirect or common costs allocated on revenue or other equitable basis; and
- (d) in respect of the other Services Group Services: the consideration will be fixed at an amount representing an increment of a prevailing market rate compared to the relevant immediately expired Definitive Services Group Agreement. Such prevailing market rate will be determined by conducting research on the market comparables by the parties from time to time.

Duration

The Services Group Master Services Agreement shall commence on the Services Group Effective Date, and shall continue up to and including 30 June 2020, unless terminated earlier in accordance with the Services Group Master Services Agreement. Subject to compliance with the then relevant requirements of the rules of any stock exchange to which any of the parties to the Services Group Master Services Agreement is subject to, including, but not limited to, the Listing Rules or, alternatively, any waivers obtained from strict compliance with such requirements, upon expiration of the initial term or subsequent renewal term, the Services Group Master Services Agreement will be automatically renewed for a successive period of three years thereafter (or such other period permitted under the Listing Rules), unless terminated earlier in accordance with the Services Group Master Services Agreement.

Termination of the Former Services Group Master Services Agreement

On 10 April 2017, Mr. Doo, the Company, FSE Engineering and FSE Management entered into the Services Group Termination Agreement pursuant to which the parties agree to terminate the Former Services Group Master Services Agreement upon the Services Group Master Services Agreement becoming effective on the Services Group Effective Date. None of the parties has to pay to the other party any penalty and/or compensation under the Services Group Termination Agreement.

Historical figures and the Services Group Annual Caps

The aggregate transaction amounts payable by the Services Group to the Group, and vice versa, under the Former Services Group Master Services Agreement for the two years ended 30 June 2015 and 2016 and the six months ended 31 December 2016 were approximately HK\$1,209.3 million, HK\$1,725.1 million and HK\$662.6 million, respectively.

The Services Group Annual Caps for each of the three years ending 30 June 2018, 2019 and 2020 are HK\$3,699.6 million, HK\$5,405.3 million and HK\$5,837.1 million, respectively.

Each of the Services Group Annual Caps have been determined by reference to:

- (a) the historical annual or annualised amounts in respect of the Services Group Services provided by the Group to the Services Group, and vice versa, during the past financial years; and
- (b) the projected annual or annualised amounts in respect of the Services Group Services to be provided by the Group to the Services Group, and vice versa, in the three years ending 30 June 2020.

A significant portion of the Services Group Annual Caps for the services provided under the Services Group Master Services Agreement by members of the Services Group to members of the Group mainly relates to the provision of contracting services. The surge in the Services Group Annual Caps as compared with their relevant historical transaction values is mainly due to the increase in the transaction values of contracting services related to the Group, together with certain potential sizeable upcoming and/or ongoing projects which include, but not limited to, certain public or private sector development projects as well as various residential and commercial development projects, given that the Group may need to engage sub-contractors/package contractors for its construction business and the Services Group is one of the Group's key sub-contractors/package contractors.

The above-mentioned projected figures are determined based on the relevant historical figures, taking into account the anticipated business growth of the Services Group and the Group, new property projects of the Group, the estimated future demand, the inflation factor and adjustments for non-recurring or extraordinary items, and on the principal assumptions that, for the duration of the projected period, there will not be any adverse change or disruption in market conditions, operation and business environment or government policies which may materially affect the businesses of the Services Group and/or the Group.

Reasons for and benefits of entering into the Services Group Master Services Agreement

The transactions contemplated under the Services Group Master Services Agreement are expected to be of a recurrent nature and will occur on a regular and continuing basis in the ordinary and usual course of business of the Services Group and the Group. The Services Group Master Services Agreement is intended to streamline the continuing connected transactions between members of the Services Group and members of the Group. It provides a single basis on which the Company will comply with the reporting, announcement and independent shareholders' approval requirements in compliance with the Listing Rules and thereby reduce the administrative burden and costs on the Company to comply with such requirements in relation to the execution or renewal of the agreements in respect of the provision of the Services Group Services.

The Directors (excluding the independent non-executive directors of the Company who will provide their views after considering the opinion of the independent financial adviser) consider that the terms of the Services Group Master Services Agreement have been negotiated on an arm's length basis and on normal commercial terms and are fair and reasonable and in the interests of the Group and the Shareholders as a whole and that the Services Group Annual Caps are fair and reasonable and in the interests of the Group and the Shareholders as a whole.

THE CTFE MASTER SERVICES AGREEMENT

 - where the engagement is through direct appointment by member(s) of the CTFE Group, the consideration will be on a cost-plus basis agreed with member(s) of the Group, which is in line with the basis for engagements by independent third parties for projects of similar nature and size;
- (c) in respect of the CTFE Administrative Services: The consideration will be fixed at a monthly fee based on the estimated amount of work to be done. The fee will be determined by conducting research on the market comparables from time to time.
- (d) in respect of the Property Management and Consultancy Services: the consideration will be fixed at cost plus a prevailing market rate which will be determined by conducting research on the market comparables by the parties from time to time. The cost element will include all direct costs incurred such as equipment costs, staff costs, public liability insurance and other indirect or common costs allocated on revenue or other equitable basis; and
- (e) in respect of the other CTFE Services: the consideration will be fixed at an amount representing an increment of a prevailing market rate compared to the relevant immediately expired Definitive CTFE Agreement. Such prevailing market rate will be determined by conducting research on the market comparables by the parties from time to time.

Duration

The CTFE Master Services Agreement shall commence on the CTFE Effective Date, and shall continue up to and including 30 June 2020, unless terminated earlier in accordance with the CTFE Master Services Agreement. Subject to compliance with the then relevant requirements of the rules of any stock exchange to which any of the parties to the CTFE Master Services Agreement is subject to, including, but not limited to, the Listing Rules or, alternatively, any waivers obtained from strict compliance with such requirements, upon expiration of the initial term or subsequent renewal term, the CTFE Master Services Agreement will be automatically renewed for a successive period of three years thereafter (or such other period permitted under the Listing Rules), unless terminated earlier in accordance with the CTFE Master Services Agreement.

The aggregate transaction amounts payable by the CTFE Group to the Group, and vice versa, under the Former CTFE Master Services Agreement for the two years ended 30 June 2015 and 2016 and the six months period ended 31 December 2016 were approximately HK\$520.7 million, HK\$436.7 million and HK\$104.6 million, respectively (excluding hotel management services with aggregate transaction amounts of approximately HK\$83.3 million, HK\$92.9 million and HK\$47.7 million for the two years ended 30 June 2015 and 2016 and the six months period ended 31 December 2016 respectively).

The CTFE Annual Caps for each of the three years ending 30 June 2018, 2019 and 2020 are HK\$1,708.6 million, HK\$1,579.1 million and HK\$1,920.4 million, respectively.

Each of the CTFE Annual Caps have been determined by reference to:

- (a) the historical annual or annualised amounts in respect of the CTFE Services provided by the Group to the CTFE Group, and vice versa, during the past financial years; and
- (b) the projected annual or annualised amounts in respect of the CTFE Services to be provided by the Group to the CTFE Group, and vice versa, in the three years ending 30 June 2018, 2019 and 2020.

The above-mentioned projected figures are determined basing on the relevant historical figures. The surge in the CTFE Annual Caps as compared with their relevant historical transaction values is mainly due to the anticipated business growth and new property projects of the CTFE Group and the Group, and have also taken into account the estimated future demand, the inflation factor and adjustments for non-recurring or extraordinary items, and on the principal assumptions that, for the duration of the projected period, there will not be any adverse change or disruption in market conditions, operation and business environment or government policies which may materially affect the businesses of the CTFE Group and/or the Group; and the service industries in which the Group operates will have steady growth.
