NWD Launches Hong Kong's First Crowd-donation Platform "Share for Good" for Hongkongers to Combat Fifth Wave

During the severe fifth wave of COVID-19, the underprivileged often find it difficult to gather the necessary anti-epidemic supplies due to a lack of resources. To tackle this issue, NWD has recently launched Hong Kong's first large-scale crowd-donation platform [Share for Good](#). Together with its key partners Yan Chai Hospital and over 30 non-profit organisations, Share for Good is calling on the public to join its initiative by donating supplies or cash through the platform, which enables the targeted distribution of resources to those in need. In just a few days following its launch, Share for Good has already garnered support from a large number of individual and corporate donors. Among them, Café de Coral, the Hong Kong-listed restaurant and catering group, has donated HK\$500,000 worth of dining vouchers, while Hong Kong-based unicorn Prenetics and genome research organisation BGI Genomics have donated rapid antigen test kits to support the underprivileged in the fight against the coronavirus.

K11

K11 Expands into Mainland China Asset-light Market

Shenzhen Xinyisi Business Service Company Limited, a wholly-owned subsidiary of K11, was recently awarded the tender for management services for the commercial portion of the project above the Shanghai Jinqiao metro station offered by Shanghai Pudong Development Uptown Property Limited (上海浦發上城置業有限公司). K11 Select, a "cultural sandbox" for the new generation, will be introduced to Shanghai for the first time through an asset-light management partnership. The awarded tender project marks the K11 Group's entry into the asset-light management market, with 10 commercial management projects to be expected by end of 2023.

The project site has a total site area of approximately 420,000 sq m, and is located atop metro lines 9 and 12 at the Jinhai Road Station interchange and line 14 at Guiqiao Road Station. It is bounded by Ganqiao Road (the Outer Ring Canal) to the east, Guiqiao Road to the south, Jinsui Road to the west, and Jinhai Road to the north. The northwest side is adjacent to the Huawei R&D Centre. K11 Select Shanghai Jinqiao will synergise with the existing Shanghai K11 Art Mall and the planned K11 Shanghai Middle Huaihai Road land parcel project to attract more customers to embark on an extraordinary journey of culture and creativity.

K11 Art Mall 'Wonder-verse' Experience

NFT marketplace Artzioneer recently commissioned 11 rising and established Hong Kong artists to create art works inspired by the burgeoning metaverse's possibilities, resulting in digital and analogue paintings and moving images that depicted an alternative urban reality. K11 Art Mall hosted a selection of these original and thought-provoking pieces in an immersive 'Wonder-verse' pop-up in its chi K11 art space. The pop-up provided the public with insight into all the metaverse has to offer, including the increasingly popular trend of NFTs and even the chance to purchase NFT artworks. Keep an eye out for more NFT exhibitions at K11 over the coming months.

NWCL

Hangzhou Wangjiang New Town Project to Be Launched with a Total Investment of Over RMB23 Bn

The 19th Asian Games will kick off in Hangzhou in September, and Wangjiang New Town Complex, a signature project developed by NWCL in Hangzhou, will be unveiled in parallel. Propelled by the Bay Area Strategies, NWCL is fascinated by the potential of cities in the Yangtze River Delta and Hangzhou Bay Area and is optimistic about Hangzhou’s future as the engine of another important bay area in China.

Hangzhou Wangjiang project has a total construction area of approximately 740,000 sq m and a total investment of over RMB23 billion. It is NWCL’s first comprehensive development project in Mainland China that brings five top brands, including K11 Art Mall, K11 ATELIER, luxury serviced apartment K11 ARTUS, Rosewood Hotel and the international community, under one roof. The residential portion of the project will be launched soon.

New World Group Donated RMB1.0 Mn to Help Shanghai Fight COVID-19

New World Group recently donated RMB1.0 mn to Shanghai Charity Foundation for the purchase of anti-epidemic supplies to provide protection for frontline healthcare workers and volunteers. Meanwhile, Shanghai K11 Art Mall implements the prevention and control measures strictly along with proper disinfection and sterilization of the mall in order to safeguard the health of customers.

NWCL will continue to monitor the latest development of the epidemic closely and stand with the community to overcome the difficulties. Adhering to the spirit of "creating shared value", NWCL will do everything possible to help Shanghai fight the epidemic.

NWS

NWS Mounts All-out Effort in Hong Kong’s Pandemic Fight

Adhering to the New World Group’s spirit of Creating Shared Value (“CSV”), NWS and its member companies have been proactively supporting the community to combat the pandemic. Following its donation of 10,000 medical-grade oximeters in February, the Group donated 20,000 sets of rapid antigen test kits to seven NGOs in March, as its latest effort to help alleviate the financial burden of the underprivileged in purchasing anti-pandemic supplies.

Meanwhile, member companies of NWS are committed to providing anti-pandemic support to society. Related initiatives include Hong Kong Convention and Exhibition Centre (Management) Limited supporting the HKSAR Government to set up a storage and logistics centre of more than half a million square feet for pandemic-related supplies at Phase 2 of the Hong Kong Convention & Exhibition Centre; Gleneagles Hospital Hong Kong launching a number of measures to help mitigate the pressure on public hospitals; as well as FTLife Insurance Company Limited offering free COVID-19 related protection to designated pandemic-control fleet drivers.

Environmental, Social and Governance (ESG)

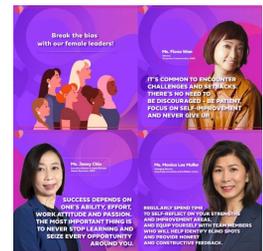

NWD’s 14th Earth Hour Participation

This year marks the 14th year in a row that NWD has participated in Earth Hour organised by WWF. Over 60 of our properties in Hong Kong and the mainland turned off their non-essential lights for an hour on March 26th and jointly pledged to encourage our staff, customers and clients to adopt greener habits, contributing to habitats protection and a more sustainable future.

Promoting Diversity and Inclusion

NWD has always been a strong supporter of workplace diversity and inclusion and have been a signatory of the UN Global Compact and the UN-backed Women’s Empowerment Principles since 2020. In March 2022, we hosted a series of D&I-focused activities to inspire artisans to contribute to a more inclusive society. Activities included an inclusive workplace webinar on cultural diversity, a female leadership panel on building confidence and staying resilient with three distinguished leaders of New World Group, as well as an online volunteering workshop with a local social enterprise to empower and upskill underprivileged women.
